SUMMARY

Computer Science undergraduate specializing in Artificial Intelligence and Human-Computer Interaction, with a 3.95 CGPA. Passionate about the ethical development of AI systems and eager to engage in global discourse on how emerging technologies will shape human society.

EDUCATION

The University of Faisalabad (TUF) Faisalabad, Pakistan

Bachelor of Science in Computer Science | Expected Graduation: 2027

CGPA: 3.95

EXPERIENCE

Teaching Assistant | The University of Faisalabad Feb 2025 – June 2025

- Translated complex Computer Science and AI paradigms into accessible, structured learning modules for undergraduate students.
- Demonstrated strong public speaking and technical communication skills by mentoring students and leading interactive classroom sessions.

Front-End Development Intern | Systems Limited, Lahore July 2025 – August 2025

- Developed responsive web interfaces utilizing HTML, CSS, and JavaScript to enhance user experience.

ACADEMIC PROJECTS

HCI Accessibility System (Blink-Controlled PDF Reader) | *Python*

- Developed a hands-free, computer-vision navigation system to improve digital accessibility for mobility-impaired users.
- Engineered precise gesture mapping, programming the system so a right-eye wink triggers a "scroll down" action and a left-eye wink triggers a "scroll up" action.

E-Commerce Management System | *PHP, SQL, JavaScript*

- Developed a dynamic front-end using JavaScript to enable real-time product filtering, seamless cart updates, and an optimized checkout experience.

TECHNICAL SKILLS & TOOLS

Languages & Tech: Python, PHP, SQL, JavaScript, HTML, CSS.

Creative Software: Adobe Premiere Pro, Adobe Photoshop, Canva.

Spoken Languages: English (Professional Working Proficiency), Urdu (Native), Italian (Beginner).
